

USER ADOPTION & CHANGE MANAGEMENT

User Adoption Consulting is a strategic framework for IT projects that drives transformation in business processes, individual behaviors, and organizational culture. Reduce the gap between the complexity of new product features and the user's ability to consume those features, increasing an organization's effectiveness at managing change with SADA Systems' user adoption and change management consulting services.

User Adoption Consulting

User Adoption Consulting solves business challenges, improves migration experience, and maximizes ROI.

BRING TECHNOLOGY, PROCESS AND PEOPLE TOGETHER FOR SUCCESS

SADA Systems' User Adoption Consulting program is a multi-phased, customized approach that addresses internal challenges, defines cross-divisional problems, and identifies and prioritizes solutions in the context of a business vision. Heightened engagement drives transformation, increasing the user's confidence, consumption and efficiency.

FEATURES

A FEW OF OUR CLIENTS

ST JOHN

“

The staff has taken an incredible amount of ownership, picking up excellent self-evaluation skills and deciding for themselves which tools were appropriate for different tasks.

”

David Gundlach,
Deputy Superintendent,
Oshkosh School District
